Mr. Gira McCashay
E.P.A. Administrator

I need your help. I wrote you in the past about a system I am working on dealing with Power Company and Electricity.

Under the (freedom information act), I would appreciate the name and address of the Person I need to contact in the U.S. branch of electrical engineering deal with the design and application of electrical and electronic system.

I listen to the President speech about the environment, ozone layer, C-O₂ Emission, greenhouse gases.

I need the help of an electrical engineer to design my system.

I need the information because the city I live, there is no electrical engineer, also because I need some one I can trust.

the present one in the U.S.
consider an electrical engineer, can
be trusted?

I would like to say that
I am a senior citizen on a thin
income.

Please send me the information
as soon as you can set it down
in my system together.
Thank you for taking the
time to read my letter.

Very truly yours

Willie C. Atkin
